Volume 38, Issue 4 April 2009

Prez Sez Pat Shotwell

Our meeting at the New Orleans Café was great. I think most everyone enjoyed their meal. Neil White (the owner) was ready to warm us up with the outside heaters. I would like to welcome two new members, Michael and Kevin, thanks for joining us.

The First Annual Oyster Roast was a great success. Cheryl, Shane and Rusty did a great job. The weather was great and so was the view of Black Creek. Thank you to those of you who brought dessert. Some suggestions were made to have more than one this year. We thought we would try a Crab feast. John has offered the hanger, we'd love to take him up on that in the fall. We would also like to plan a pot luck picnic, before it gets t0o hot.

Now for the GOF-S, after leaving Riches in Green Cove Springs, we met up with Wayne and Judy Ottoson. As we were going through Interlachen, Wayne and Judy started having problems with their car. Before you knew it, all the men were around the car and spark plugs were flying! Unfortunalty, they had to drive to Palm Coast to get their trailer and tow the MG to the GOF. We were glad to see them arrive safely Friday night.

We had a nice time, visiting with old friends and making new ones. After lunch on Saturday, the tech session on the Ottoson's TD began. As they thought, the head gasket was blown. Back on to the trailer it went and off to be repaired by Wayne and Neil. Now it's running and we're ready to see it out on the road!

We had 14 cars at the show and 9 winners with Linda Dillard winning the 50/50 and first place with her MGB. This year we had 25 people attending.

Hope to see everyone at the Air and Car Show on April 18th. We will set a meeting place for Saturday morning asap.

Our next meeting will be at Ronnie's in Green Cove Springs on April 27th. See you there!

April 18 - 1st Annual British Motor Classic in Conjunction with Davis Islands - Islands Fest ˙ Featured Marque - Triumph. Info/Reg. at http://**www.britishcarclub.net/davisislands.htm**

Road Techies

Members of the Jacksonville M.G. Club were put thru their paces Friday March 27, 2009. Sixteen hale and hearty people rendezvoused at the intersection of 19 and 20 in Palatka at 10:30 a.m. After leaving both Green Cove Springs and Palm Coast we traveled down the road to our first stop at McDonalds in Interlachen. Our stop was to add water to our radiator---Pat Shotwell needed to check the same thing. Five miles later we came to an abrupt clunking stop. Something didn't sound right. Everyone stopped and gathered to assess the problem. Jeff checked the spark plugs and Henry provided new used plugs. The antique tools in Wayne's tool box gave everyone a good laugh. Some of them were original to the car and not in usable condition.

Photos by Jeff, John, Joe & Pheona

The Title Tells It ALL!

Techies & Species!

After various opinions and poking and prodding it was diagnosed as a genuine Saturday Tech Session for the Crystal River GOF. While we were analyzing the problem we attracted some seedy looking characters who appeared most interested in the value of the vehicles and what the cars could bring on Ebay probably for drug money. The group of onlookers or passersby stood at the tail end of the cars discussing things when suddenly we heard fire crackers or as some thought gun shots. Quickly we MGers moved. Pat and Linda in their faster MGB's followed Wayne and Judy back to McDonalds and Advanced Auto for the next step of the journey. The others waited for them to return about a mile down the road from the gun shot area.

Advanced Auto had the number for Enterprise Rental Cars in Palatka, who could have a car available for us in four hours. Pat and Linda rejoined the group and proceeded onward to the GOF. When the rental car lady arrived with the car, she highly recommended that we remove everything from the car that could be taken off. She even wanted us to remove the luggage rack and spare tire, which we did not do. She indicated that the area was not safe, high crime area, drugs and in general that the car might not be there when we returned with a trailer.

World Golf Village Day Drive #3

Friday April 3rd was a beautiful day and the WGV Day Drivers took advantage of it. Lead by Henry & Helen Hirschman we drove thru the potato and cabbage fields, the beautiful forest and along the Atlantic oceans glorious white sand beaches and inlets in a big roundabout way which delivered us to a good beachside restaurant for lunch.

Sitting on the upper deck also affords a view of the ladies sunning on the beach. We consumed great seafood and beverages and enjoyed the day. Tony, the Golden Lion's owner is from London and provides a nice atmosphere and attractive efficient servers adding to the enjoyment of your meal. There is a beach-ware alcove and imported English grocery corner. I found Pheona a Cadbury's CRUMBLE bar which was quite similar to the Cadbury's Violet Crumble bar of OZ.

Of the four cars only one, the 77 MGB had the same problem as it has on the previous drives, a sticking float on the SUs. The three men had to push it to no avail it required a tow from our leader to bring it to life.

The return trip took us along some beautiful ocean and inland waterways, forests and a couple of small settlements. One sign warned of the tree canopy being as low as 8 feet 6 inches. The speed limit on some twisting stretches was posted at 10 m.p.h.

Our third WGV Day Drive was a grand trip for sure, a pleasure filled late morning and afternoon drive with lunch and three delightful ladies to keep us in-line!

Ed Note: Anyone interested in participating in future drives is welcome, contact Henry Hirschman or Joe Kaiser for information.

MG Classics February Meeting Minutes

Cheryl Gambil, Secretary

March 30, 2009 meeting was held at the New Orleans Cafe on San Jose.

We had a very good crowd of around 45 or so in attendance upstairs on the outside deck.

A very big Thank You went out to Cheryl and Shane for setting up and doing most of the work for the 1st annual Oyster Roast. Rusty was the go to guy and helped get it done.

The crowd was big and food was good and plenty. The setting was beautiful on the water and if you missed it plan on being at the next one...

The GOF-S was well attended by our club would have taken that award if there had been one.. Flyer's for next years GOF were placed in all the cars.

This year we came up with a new award titled "Keep your Cool Award" (previously called the Hard Luck Award) and hands down the winners were our very own Wayne and Judy Ottoson. If you were not at the meeting you need to have Jeff Sager send you a copy of the certificate, it was a hoot!!!

Our club took home 9 awards from this years event. Linda Dillard, John Leenhouts, Roger Brinkley, Karen Sager, Neil Nelson, Bob Wrenn, Helen Hirschman, Jim Hall and Mark Cooley all took home an award.

APRIL 18th event at Cecil : You want to register ASAP they have limited space for car parking inside the gate. Look for information on early join up to drive in together as a club so we can be parked together. The gate to inside parking will close at 10:00am sharp. The air show starts at 10:00. The National Anthem will be performed by our very own Nancy Leenhouts both on Saturday and Sunday. Bring your lawn chairs and sun screen.

BCC event for October needs volunteers to step up to the plate. This event has been held at the Pub in St.Augustine for the past few years. If you have any suggestions on an alternative place to hold this event please speak up. The North Florida Triumph Club will be joining this years event.

Pat has applications for the May 16th St.Augustine car show.

June 13th FCCJ cruse in will be for all collectible cars, the Downtown campus will be having a free lunch and work shops will be open for the public to see what the college has to offer.

Our club will host next years GOF-S at Jekyll Island. We have a committee going over soon to make sure all the renovations and upgrades have been completed as promised.

MORE info to come soon on that. We will need everyone to help.

50/50 ticket were sold 3 for $5 or $2 per ticket. The winning ticket was held by Helen Hirschman her take was $50.00 (the other half of the money will be used for up coming door prizes). Rosmary Nowotny and John Leenhouts were winners of door prizes. Have a wonderful week and hope to see you April 27th at Ronnie's Wings in Green Cove Springs.

JOHN LEENHOUTS: SERVICE IN UNIFORM AWARD

HandsOn winner and fighter pilot flies right by helping others to pursue careers in aviation

Leenhouts' first wife's death motivated him to do good today.

By NICOLE HERNANDEZ, GABRIELLE DECRISTOFARO and BRETT MORGAN
University of North Florida

Naval aviation was David Hartman's dream, but the Embry-Riddle. Aeronautical University student was struggling to find a way to attend flight school. Then Hartman attended a talk by former fighter pilot

John Leenhouts, who volunteers to speak about careers in aviation. lt changed the students life. Leenhouts, 58, a retired Navy captain, invited Hartman to his Orange Park home and Green Cove Springs hangar. Leenhouts exposed the student to a pilot's career, including flights in a Hornet and a T-34.

Hartman is now flying Hornets out of Oceana Naval Air Station at Virginia Beach, Va., Leenhouts said.

For outreach like this, Leenhouts received the Linda Selevan Service in Uniform award on Thursday from HandsOn Jacksonville. In addition to speaking with students, he organized

and chaired the "Rock 'n Ride" event for daniel for five years and organized the Fly, Drive & Ride for Multiple Sclerosis Research at the Cecil Commerce Center.

The retired captain attributes his efforts in volunteering to the August 2001 death of his first wife, Pam.

"It woke me up to the realization that life is short and very valuable," he said.

Pam, his college sweetheart from their years at Oklahoma State University, died in her sleep from a brain aneurysm. She was 50. Pam worked with special-needs students and taught English as a second language, he said.

Leenhouts said he wasn't a giving person at the time.

His first volunteer event came five months after Pam died, when friend Bobby Grismer asked him to offer a plane ride to a raffle winner for the American Heart Association.

"It went from there to the Cancer Society, then it grew to the daniel foundation," Leenhouts said, "and it's gone on from there."

He also makes presentations to young people interested in careers in aviation at Jacksonville University and Embry-Riddle, while maintaining a 40-hour work week at Northrop Grumman Corp.

He served 28 years in the Navy, retiring in 2001. He flew in strikes against Libya in 1986 and against Kosovo in 1993, and led airstrikes in Operation Desert Storm.

Leenhouts said he remembers Pam and the lesson her death taught him.

"I don't want to not wake up and think, 'Oh, if only I had done that yesterday: " he said. "Today's the only hard cash you got."

Reprinted from The Florida Times-Union of Sunday, April 5, 2009

ROADSIDE TECHIES ***from page 1***

We filled out the paperwork in Palatka, drove to Palm Coast for our car, dropped the rental car at Flagler airport, picked up our trailer in Bunnell, then back to Interlachen in 3 1/2 hours round trip,. We were much relieved as we approached McDonalds and saw the car in one piece. All that was wrong was that it had rained heavily while we were gone and the car was wet and dirty from the Oak tree we parked under.

The car did not have quite enough oomph! to drive it into the trailer. A teenager watching our progress offered to help push it up the slippery ramp into the trailer while Wayne steered and I lined it up with the tire chocks. Needless to say were grateful for the push until we discovered our luggage rack was broken and out of shape from that generous helping hand.

Thru the afternoon and evening Pat, Cheryl and Wayne Snook had been checking our progress. We finally arrived in Crystal River at 9:45 p.m. (12 hours after we left home). Our wonderful die hardy club members had an impromptu Birthday party poolside for me as all other wishes for a celebration had been put on the back burner due to our deviation from the schedule. The event was replete with hats (worn by all), noise makers, Birthday Balloon and a special hat made from glo sticks and singing. Needless to say it was a memorable birthday for me.

Saturday afternoon was a tech session with at least 25 to 30 onlookers. At one point someone asked Wayne "say whose car is being taken apart?" Wayne replied "mine, but I can't even see what is happening". After the car was dismantled and repacked in our trailer Wayne discovered our battery in the Suburban was dead as he had left the ignition on during the tech session. All was well after we got a quick jump start.

Sunday found us as tail end Charlie following a beautiful line of MGs thru the countryside back to Jacksonville and the loving hands of our faithful mechanics Wayne Snook and Neil Nelson. As usual they had the car up and running in a week. We are so happy and grateful for all the members of the Jax MG club for a special GOF-S. Hope our trip to Jekyll will not be so eventful.

Wayne and Judy Ottoson

Register Early -

We must release our Block of rooms Sept 10th
Tell them that you are with the MG Club

Dear Fellow **MG** Enthusiast,

The Southeastern MG T Register invites you to the Fifteenth Biannual "SOUTHEASTERN FALL GATHERING OF THE FAITHFUL". We emphasize the term "Gathering of the Faithful or GOF because the event is exactly that - a gathering of those unique individuals who enjoy, even love their MGs and find nothing better to do or more fun than simply getting together to share their cars and experiences.

There is no better place to drive MGs than the North Georgia Mountains in the Fall. With a nip of fall in the air, the winding roads, scenic mountains and valleys, interesting little shops, traditional festivals and the fall color all contribute to make driving an MG as good as it gets. Located just four miles from the North Carolina border, Hiawassee, Georgia is an excellent base to enjoy the Georgia mountains to the south and the Nantahala and Smokie Mountains to the north. The Lake Chatuge Lodge has given us the entire lodge for our use at the summer rate of $89.00 per room and you know how difficult and expensive it is to get reservation in the mountains in the Fall. The Inn will even let us keep the low rate into the next week if you want to extend your stay and use the Lodge as a base for touring the mountains.

The Motel will furnish a Continental Breakfast each morning in the lobby. Our famous Hospitality Room will be open Friday at 10:00 AM along with Registration. There are numerous nice restaurants available for lunch on Friday and Saturday before the afternoon activities start. Self guided tours on Friday and a guided tour on Saturday will be offered. See our schedule for all activities.

We encourage all "new" MG owners to bring their car, regardless of condition, for our First Timers Car Show on Friday. We welcome all MG's from A to Z.

The Saturday afternoon Valve Cover Races have gained popularity second only to NASCAR.

This GOF is not to be missed so fix up and drive or drag you MG to the Georgia mountains. We expect to have and welcome all MGs from A to Z at the GOF, so if you can get your MG to North Georgia please try to bring it, we all want to see it. We will have fun!
