The purpose of MG Classics of Jacksonville is the enjoyment, preservation and maintenance of MG sports cars. Club membership is open to all MG owners. Associate membership is available to all MG Enthusiasts.

Volume 36, Issue 7 July 2007

Prez Sez Jeff Sager

The turnout at the meeting at Buffalo's last month was very good. Those who ventured out to the parking lot were treated to tire-kicking and ooh-ing and ahh-ing over Wayne Snook's latest MGB project and the incredible shoe-horning of a Honda VTEC engine into Bob Phillip's MGB. And that's not just any Honda VTEC, that's one from a Honda S2000 – the engine with the highest red-line of any standard production engine made today! It reaches its maximum horse power somewhere north of 7000 RPM! Anyway, thanks to everyone that showed up and please join us this month at the Smokey Bones BBQ near the Orange Park Mall. (We promise to move back over to the east side of the river next month.)

The rescheduled drive to Gator Landing will take place on August 18th. Please call Joe Calvert (610-0783) if you want to join in. Meeting places are: The Panera parking lot at 11111 San Jose Blvd in Mandarin (11:00); The Rich's BBQ on Route 17 in Green Cove (11:30); And Trout Creek Park on Route 13 just south of the Shands Bridge in St. Johns County (12:30).

Plans for the 2007 British Car Classic are coming along well. Joe Kaiser is doing an outstanding job of bringing it all together. Please plan to attend on October 20th at the King's Head British Pub in St. Augustine and please register early. We're going to have lots of awards and a very good time.

Several members are planning to attend the Southeastern MG Fall GOF in Hiawassee, GA September 7-9. This is always a very good gathering and I encourage everyone to attend if they can. Neil Nelson will coordinate a caravan so contact him if you want to travel as part of the group.

We plan to have a Tech Session sometime this Fall. If you have a desire for a specific technical subject to be covered, please let me know.

Finally, we bid farewell to long time member, and former Board Member, Norm Jones. He passed away early this month after a fight with cancer. A calmer, nicer man you will never meet. I'm sure many of us have fond memories of good times with Norm. I want to relate just a couple:

When I was a young buck, just new to this club, I was frustrated by an inability to win any recognition at car shows for my 1980 MGB ("Lil Red"). Finally, at a British Car Classic, I got an award. I later learned that Norm had taken it upon himself to lobby strongly for my car and that probably was the reason it finally happened. To this day I don't know if he did it just to stop my whining or because he thought I deserved it, because he would never say a negative thing about me or anyone else.

I also remember a time we were having a road rally and he and wife Betty were manning a check point. I looked around when I got there, didn't see his hot little MG, and asked him about it. Without even a small pause he pointed to a late-model Jeep Cherokee and told me he had decided to drive the "M-Jeep" that day instead.

Our thoughts and prayers go out to Betty and his family. He will certainly be missed.

Safety Fast,
Jeff

Paid registrations received before September 30th receive one FREE Event T-Shirt

Additional Cars - $15.00 ea.

Kimber Award To MGA Guru

From the Log Book *quarterly publication of the M.G. Drivers Club of North America.*

For 2007 the Drivers Club highest honor is being presented to the acknowledged guru for all things MGA. Barney Gaylord of Naperville, IL has created the "holy grail" of MGA websites on the internet. His unique MGA site has been hosting 1200 visitors daily from around the world and serves up over 120,000 page hits per month. As Barney says, "I suspect it would be difficult to name a country anywhere on earth (no matter how small or out of the way) that does not contain at least one MGA."

2007 Cecil Kimber Award recipent Barney Gaylord with his famous MGA with Attitude.

Barney's outstanding MGA website was created in 1997 when he posted photos and information on such things as how to install a hitch on an A, photos of a trip to Alaska and more. Soon e-mails came in with tech questions which over the years evolved into hundreds of pages of technical information about the MGA and the most authoritative website on this model of MG anywhere in the world. The tech section of the site alone now contains over 1200 web pages. Printing out the tech pages on a laser printer would fill eight (8) two inch D-ring binders. Surely, a vast treasure of information on the MGA.

Barney's first car was an MGA in 1968. He restored his current MGA with (150,000 miles already on it) starting in 1977 and finally put it back on the road in 1986. It was retrimed and repainted yet again in 1998. Under Barney's ownership his cherished (but not babied) MGA with attitude has done an additional 206,000 miles and is already scheduled for yet another repaint over the winter of 2007-08 along with the replacement of its inner body sills. Barney says proudly, "To date the MGA has accrued 356,000 hard earned miles and I'm looking forward to half a million." Since Barney's car is a regular high mileage car it serves as a good test bed for everything needing long term or high mileage analysis, like 100,000 mile real world brake fluid tests. Barney knows, from first hand experience, how many stock steel wheels can be broken in one year or how many engines and gearboxes you can haul in the luggage trailer on one trip. He has changed a crankshaft in a motel parking lot and can fix most anything on the fly. His advice to MGA owners, "Just drive it till it drops. They were made to be driven, yes?"

Gordon Harrison, an MGA owner from Quebec, attended the British Invasion in Stowe, VT in September 2006. He witnessed the presentation of the Cecil Kimber Award to Michael Gaetano and Chris Francis. When he returned home he began a campaign, on the internet, to nominate Barney for the 2007 Kimber Award. The Drivers Club received almost 200 e-mail's suggesting Barney as the '07 recipient. With backing like that the Awards Committee had an easy task when it met in March 2007.

For all that he has done to keep countless MGA's on the road. For his support and encouragement to scores on MGA owners. For his kindness in sharing technical information on the MGA with the world wide internet MG community. The M.G. Drivers Club of North America will be indeed proud to present the 2007 Cecil Kimber Enthusiast Award to this ultimate MG enthusiast, Barney Gaylord, at our Club's Drive-In, on August 11th.

ED Note: *I stumbled on Barney's website when I was having MGB problems and he helped me then and since we have owned our MGA coupe he has helped me many times. I have invited Barney to Rendezvous 2007 and British Car Classic XIX. Every MG owner should bookmark this site* - http://mgaguru.com/

Ramada Inn at Lake Chatuge
Hiawassee, Georgia
30546
phone 1-800-613-4349

Register Early -
We must release our Block of rooms August 20th
Tell them that you are with the MG Club

Dear Fellow **MG** Enthusiast,

The Southeastern MG T Register invites you to the Fourteenth Biannual "SOUTHEASTERN FALL GATHERING OF THE FAITHFUL". We emphasize the term "Gathering of the Faithful or GOF because the event is exactly that - a gathering of those unique individuals who enjoy, even love their MGs and find nothing better to do or more fun than simply getting together to share their cars and experiences.

There is no better place to drive MGs than the North Georgia Mountains in the Fall. With a nip of fall in the air, the winding roads, scenic mountains and valleys, interesting little shops, traditional festivals and the fall color all contribute to make driving an MG as good as it gets. Located just four miles from the North Carolina border, Hiawassee, Georgia is an excellent base to enjoy the Georgia mountains to the south and the Nantahala and Smokie Mountains to the north. The Ramada Inn at Lake Chatuge has given us the entire lodge for our use at the summer rate of $89.00 per room and you know how difficult and expensive it is to get reservation in the mountains in the Fall. The Inn will even let us keep the low rate into the next week if you want to extend your stay and use the Lodge as a base for touring the mountains. We will have fun

The Motel will furnish a Continental Breakfast each morning in the lobby. Our famous Hospitality Room will open Friday morning at 10:00 a.m. along with Registration. There are numerous nice restaurants available for lunch on Friday and Saturday before the afternoon activities start. Self-guided tours on Friday and a guided tour on Saturday will be offered. See our schedule for all activities.

We encourage new members to bring their car, regardless of condition, for our First Timers' Car Show on Friday. We welcome all MGs from A to Z .

The Saturday afternoon Valve Cover Races have gained popularity second only to NASCAR. Prizes will be awarded.

This year only we are presenting an award to the car which best represents the quality and originality exemplified in the restoration work of Ed Seagrave. His work was a standard for the most critical restorer.

This GOF is not to be missed so fix up and drive or drag you MG to the Georgia mountains. We expect to have MGs from A to Z at the GOF, but if you can get your T type or earlier MG to North Georgia please try to bring it, we all want to see it. We will have fun!

British Car Week Field Trip

Yes we are going somewhere with our cars!!! Saturday August 18 will be in response to all of the requests that we get together and drive our cars somewhere. (Every week is British Car week !!)

We are going to Palatka and hope to arrive at Gator Landing around 2:30 for a late lunch/early dinner.

Because our membership covers a wide area we will meet at three locations. Joe Calvert 610 - 0783 will heard cats at Panera on San Jose Blvd. in Mandarin with plans to leave at 11:00. Neil Nelson 716 - 6550 will attempt the same at Rich's BBQ in Green Cove to leave at 11:30. We will then combine at the Trout Creek Park with hopes to leave at 12:30. The eastern block will need to go north from the Rt 16/13 intersection. The Park in on Rt 13 about 2 miles south on the Shands Bridge.

All of this is on MG time. The day will be relaxed and slightly organized. Riverdale Park is further along and can provide another comfort stop and great view. If you want to stop and take in other views, buy some veg or Bulls Chips, feel free. The goal is to meet at Gator Landing. We will follow scenic Rt 13 to lovely Palatka. We have a short quiz and afterwards the winners will receive semi-valuable prizes. The drive is shaded and we should get a breeze from the River

We need a head count for the restaurant. Rain or Hurricane date will be Sunday Aug. 19. Call Pat or Joe Calvert 610 -0783 or email: BLACKB@aol.com if you're going - PLEASE DO IT NOW!!

On the last attempt we had invited the Triumph, Healys and Jaguars to join us but did not get a response. If you have contacts, ask them along. Let's show them the MG Club knows how to have fun and also can team up to repair their cars on the road.

Joe & Pat Calvert

FYI

We're on the Web!

They will be mailed to your address once payment is received. You may, of course, pick them up at the next club meeting. Mail check or M.O. to Bob Wrenn, 1471 Mallard Lake Ave., Jacksonville, FL 32259: **Haddon Allen; Scott Dumon; Jon Held (2); Chuck McMorran; Alex Rosenblad; L. Hanko Rosenblad; Jerry Steckloff; Chuck Wright; Mary Wright; Chuck Rowe; Rev. Judi Rowe; Janet Tarr; Tom Harris; Barbara Carpenter**

GUS's GARAGE

Red Whine asked Gus to go with him to look at an MGA MkII Deluxe out in the country. He told Gus that the car was running when the owner put it up. It seems that the owner intended to restore the car but other commitments intervened so he was selling. As they drove up to the sellers house Gus saw the Deluxe covered with Vis-Queen plastic sheet sitting beside a one stall detached garage. It had been there quite some time. The tires were flat and the grass was dead under the car.

Gus told Red that it probably was a waste of time as the car would be in serious disrepair. Red said, "Well we are here lets look any way". Howie the owner helped pull back the cover and announced, "It drove like a dream when I parked it, just air up the tires jump the battery and you can be on your way".

Gus told the owner that he could see that it had been a nice car. He asked Howie to open the bonnet and the boot. The pull handle for the boot fell apart in Howies hand completely rusted through. The top and carpets' were mildewed and rotted. They fared a little better with the bonnet engine oil had which preserved things but the tin worm had moved in.

"Boys" Howie offered, "I am ashamed to say I haven't taken time to look at the car since I parked it. I had no idea it was this bad The plastic is still intact but the car looks like it was dipped in the ocean". Gus consoled Howie that he meant well but the sun on plastic pulls water out of the ground and surrounds the car with an environment equivalent of the Amazon.

On the way back to the shop Gus told Red, "Howie is an honest man. Usually at the point where he realized how much the Deluxe had deteriorated a crook tells you how much these cars are selling for, and how cheap it will be to restore".
