June 2017 Meeting Minutes

CALL TO Order: President Richard Gross called the meeting to order at 7:08 pm, Monday, June 26, 2017 at The Fish Company, Atlantic Beach.

Seventeen members and guests attended.

New member Mark Spaulding of St Augustine joined us at the meeting. He has a 1970 MGB.

Guests: Graeme Agar (1976 MGB), Australia and Ponte Vedra

OLD BUSINESS:

British Car Classic Planning: October 21, 2017 8 am to 5pm. The venue will be Rivertown. Rivertown will also host a family day on the 21st so this should bring in more people to the event. The club is working on the logo and flyers.

Tech Session – Stan and Lily Kinmonth – An MG TD was towed in and checked-out. A tune up was completed and the car drove off from the session. A mile down the road it stopped due to a loose distributor wire but that was quickly repaired and it was back on the road.

Great Race – Saturday June 24, 2017. Jim Nolan, Mike Kasmerski, and Jolee Gardner reported on the success of the event.

Route 66 Journey – Jan and Rick Seveech. Jan provided a quick summary of their trip along Route 66. They started in Mexico Beach, FL via Mississippi to Chicago (started here). The first stop was the "Tin Man" and they quickly learned they had to be selective on what to see. Also, drove on and off the Interstate in some areas because the old road is gone. They drove their camper and did not take their MG. The return trip to Florida was on I-10.

Last Tech Session – Jim Albright's son has a business on Blanding Blvd. He is moving to Co Rd 220 and will have a 3-bay auto shop. This may be a possible location for a future tech session.

Christmas Party is December 9, 2017 – tickets may be available for purchase at the next meeting.

TREASURY REPORT: Not presented

OLD BUSINESS FROM THE FLOOR: None at this time

NEW BUSINESS:

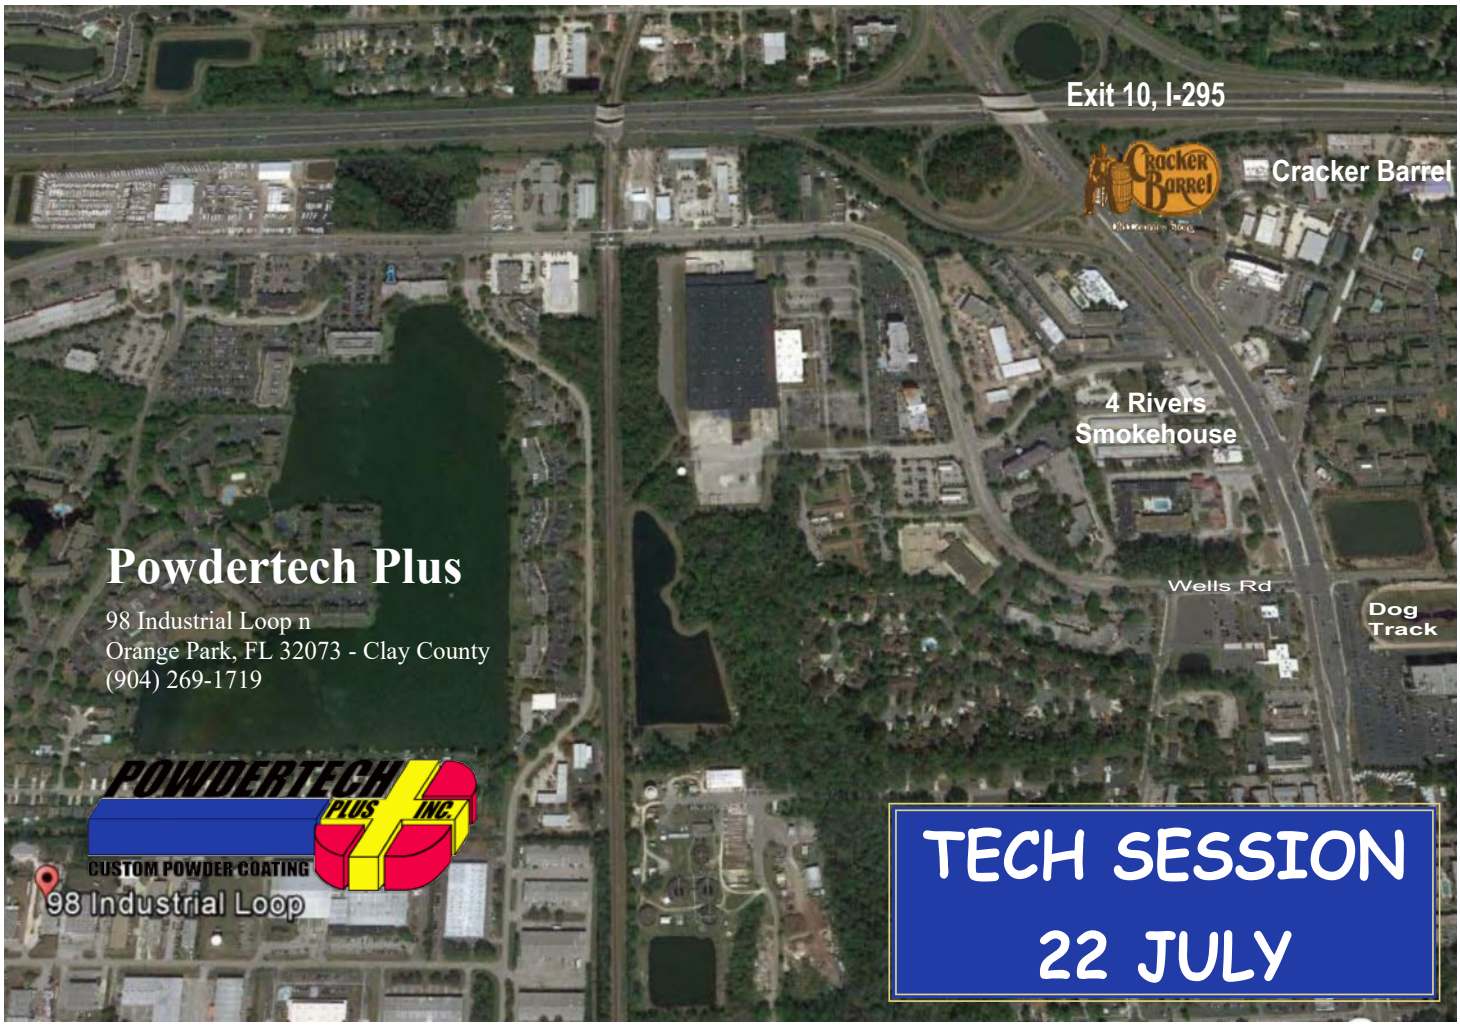
July 22, 2017, Saturday – Meet at the Cracker Barrel in Orange Park at 9 am. Go to Powdertech for a demonstration and tour of the facilities.

Possible tech session in August – TBD

Next Meeting at the Olive Garden in Orange Park

Member Neal Roland passed away in early July

50/50 drawing winner - Graeme Agar won $20.00



Tech Session on Saturday, at 11 a.m., 22 July at Powder Tech Plus in the Orange Park .

This is a follow-up demonstration from the presentation that Richard Pitman gave at our April meeting.

We will meet at the Cracker Barrel Restaurant near the Dog Track at 9 a.m. for breakfast, and kick tires. Then, we will drive about two miles to Powder Tech Plus.

The Triumph Club of North Florida will also attend this outing.

POWDERTECH PLUS INC.
CUSTOM POWDER COATING

Powder Tech Plus Inc. is your one-stop powder coating headquarters. From one-off specialty pieces to full production runs - they can handle it all.

Powder Tech Plus is in a 10,000 square foot building. They offer: sand-blasting, and their own special metal preparation to ensure a long-lasting, durable finish, and material handling of large pieces using two ovens. One oven is 6' x 8' x 12' with the second, 9' x 9.5' x 29.5'.

Website: Powdertechplus.com

The powder used is a mixture of ground particles of pigment and resin. Next, the powder is electro statically sprayed on the article to be powder-coated. The charged powder particles then adhere to the electrically grounded surfaces. Once "powdered," the article is cured in an oven. Thus, the powder particles fuse into a smooth coating.

Route 66 Trip

By Jan Sevcech

Begin - Chicago

A trip like Route 66 takes planning. We started in December 2016. Rick researched the net and found a paperback book full of photos and information regarding many sites along the famous route, including addresses and a description of what remains. Rick also ordered a special set of maps, one for each state we would travel through on the Route. The Route itself, begins in Southern Chicago and flows southwest to the Santa Monica Pier in California. We also debated the best time of year to go as far as the weather was concerned.

We were excited about our trip as we pulled out the morning of April 29, 2017, with our Ford E350 and our Keystone travel-trailer. We spent the first few days visiting with family in Mexico Beach, the Mississippi Delta and Memphis, Tennessee. Then we traveled up through Tennessee, Kentucky and Illinois up to Chicago.

We spent a few days in Chicago before setting out on Route 66. Since the Southside of Chicago has a reputation for high crime, we decided to begin officially south of Joliet. Some of the first few items of interest were a 1960's diner and a giant "tin man." We saw signs, a giant Catsup bottle that was a water tower, a giant blue whale that a water slide came out of into a lake, drive-in theaters, etc. We saw Amarillo, Texas and Santa Fe, New Mexico, home to many Native Americans and those of Mexican dissent.

We saw the Grand Canyon in Arizona, an awesome and breathtaking experience. There were ghost towns with reenactments of gunfights. We saw the famous crater and the London Bridge purchased by a wealthy business tycoon in the 1960's. We saw the Mojave Desert in California.

Finally, we made our way to the Santa Monica Pier, where there is a street sign that represents the 'End of the Trail'. There was a booth there with novelties from the Route. We signed a book that showed our completion of Route 66.

End - Santa Monica

We returned home around the middle of June. It had been a terrific six weeks!

- Don reminded everyone that Mike McGill stepped down and he's stepped in just in case anyone missed the announcement
- World Golf Village show ended up with about 140 cars. Lon Greenwood said "Hi!" to everyone, great event!
- Great Race turned out really nice, great cars out there! NFCA had a member that completed the whole race. The FCCC section had 37 cars in the lot, they were on 4th street and it was great to see all the cars lined up
- Magnolia Point passed out some flyers for their Car Show on Labor Day. It's a Cruise In atmosphere with mostly shaded area. It's free, and this will be the 4th year they are doing it. It's expanded a bit over the years, so this should be a good event! Text or Call Steve Witham, the VP of the club if interested in coming out. Family friendly, door prizes, should be a great day!
- Mark visited with Hankster Hotrod's down in Daytona and doing an FCCC Cruise Event. He has talked to the owner and they're open to doing this for the FCCC. The Porsche Club is going at the end of August, lots of options for food. They do monthly cruises and an annual show, we may be able to align with
- Another Senior Assisted Living home has reached out for us to come out, even just a couple of cars, please let us know if there's any interest
