CAR CLUB NEWS

The purpose of MG Classics of Jacksonville is the enjoyment, preservation and maintenance of MG sports cars. Club membership is open to all MG owners. Associate membership is available to all MG Enthusiasts.

Volume 36, Issue 9 **September 2007**

Prez Sez **Jeff Sager**

It's almost autumn. I can feel it in the air. Heck, I think the temp. topped out at only 89 degrees today and was almost down to 70 degrees last night – downright nippy! One thing that all MG lovers automatically want to do when the temperature comes down is drive their Little British Car!

And drive we did, a few weeks ago, to Gator Landing in Palatka. Thanks one more time to Joe & Pat Calvert and Henry & Helen Hirschman for arranging the "British Car Week" drive. (Many of you may recall that the original date – truly during British Car Week – was rained out. But, as Joe says, "Every week is British Car Week if you drive your British car".) As is almost always the case, the event was filled with excitement and intrigue: We managed to perform a roadside flat tire change in 5 minutes! (Well, no one checked their watches, but it was certainly under 10 minutes.) Joe had prepared a "treasure hunt" questionnaire for us as we drove that was fun and challenging. Everyone received gifts when we got to Gator Landing and the food there was great. What more could anyone ask for? We had 7 B's (Calverts, McClains, Sagers, Snook, Hirschmans, Nelsons, and new members Harveys), a B GT with a flat tire (Marcoms), 2 A's (Leenhouts and Wrenn), and an MG Wannabe Miata (Kaisers) on the drive. Then at lunch several others joined us (but unfortunately I forgot to write down who they were and what they drove and old age forbids me from remembering all but the Ottosons, who drove their TD). Pictures are online at www.mgclassics.org.

Several events are coming up in the next few months that you'll want to consider participating in. You can always see an updated list of events online. The most notable club-sponsored ones are the British Car Classic at The Kings Head British Pub in St. Augustine on October 20th and the annual Christmas Party at John and Nancy's "Hanger House" in Green Cove Springs on December 15th. Please plan on participating at both!

Please donate some simple door prize items to the British Car Classic. They can be small things that you pick up at Harbor Freight or Discount Auto. Bring them to our next meeting and I'll take care of storing them.

We're going to try out a new place for our next meeting: the Times Grill on Baymeadows Road near 9A. They have burgers and salads and sandwiches and standard American Entrees – all at reasonable prices. Be sure to come join us. A map and detailed information is, as always, on the last page of the newsletter and online.

Safety Fast,

Jeff

Please register early. Advanced planning & ordering of items needed to host this event is much easier if we know the number of people who will be attending. Thank You! BBMGs

Rescheduled British Car Week Drive

A well-planned and attended event was held on Saturday, August 18th to celebrate British Car Week. Pat and Joe Calvert put together a lovely drive down shaded and scenic CR 13 on a beautiful summer day. Fifteen cars which included one Miata and twenty-six members ended up at Gator Landing in Palatka for good times, good friendship and good memories. As you can see we were a good-looking group. This was a great tune-up for the run to North Georgia, our cars appear to be in great shape. The cars and drivers will be following Neil and Wayne so any problems encountered will be taken care of immediately thanks to their expertise and knowledge.

By the way Gator Landing did pass inspection the next day!! Thanks Pat and Joe for a wonderful afternoon…….

"Hello" from the MG Classics Perpetual Travelers

Terry & Chic Holliday recently visited the Windsor-Detroit MG Club, July 12th in Windsor, Canada. The club rotates meeting places between Canada and the USA every month. With hundreds of members this years president is Jeff Zorn, whom theHollidays met at a NAMGAR Mini-GT Key West two years ago. This happenstance reunion happened when Hollidays were on a train ride inside Henry Ford's venue, Greenfield Village, where Terry was spotted wearing his MG hat by Herb Johnson, Windsor-Detroit MG Club member. A conversation ensued and Herb invited them to the meeting where they could reconnect with Jeff. The next night while in route to Ontario for the meeting via the Interstate an accident involving a overturned semi with burning cab delayed them by 45 minutes, but they still made the meeting before all the club members.

So far they have driven their MGB in every city they have visited this trip, until Friday 13th when a problem arose. A quick call to Jim Hall and the purchase of the suggested fuel filter and installation saw them back on the road again.

Another delay, just two blocks from the event, when a huge water main broke flooding I-96E into Detroit. Of course the MG died. Five cars required rescue, but with the assistance from a State Trooper Hollidays were back on their journey…

Please email updates to: newsletter_editor@mgclassics.org Please provide your email address with your ad. Your ad will run as long as you respond to the editor emails.

Automobiles For Sale

59 MGA Roadster

Not completed ground up restoration. Chassis complete & ready for the body. Everything is new or refurbished. Body is partly repaired. Extra engine & trans. Complete docs.on what been done & what parts are new. Asking 11,000. Robert Jones (352) 235-1671 or glassman@atlantic.net

GUS's GARAGE

Nigel Strangeways stopped in at the garage one winter morning as Gus was preparing a MGA for respray. He was surprised to see Gus working on a MG. "I thought you told me that a customer could not justify the economics of hiring you to restore a MG." Nigel chided. Gus responded. "We did this car a number of years ago for B.G. Bucks who uses us to dispose of his "Disposable Income." We do all his cars including a very rare D Type Jag. This happens to be his first car which holds a special place in his heart, he is doing it because he wants to."

"The car looks pretty good as is." Nigel offered. Gus agreed but he gave Nigel a tour of the MGA. Stone chips on the front. Door dings on both sides. Chaffing at the windshield cowl seal. Discolored paint around the fuel filler.

"Because this car is in such sound condition it will have all attachments removed. Next the car will receive a very thorough cleaning of all wax, grease and dirt. Only then will sanding begin, one panel at a time dings leveled and the surface will receive a high build primer as required. Most of the primer surface will be sanded off until the surface is uniform. Any dents found will be lightly worked out and receive the same treatment as dings prior to refinish." Gus said.

"How does this respray differ from your restoration work?" Nigel asked.

"Well." Gus said. "In a restoration the body is completely gutted and removed from the chassis. We remove every component from the chassis and inventory what needs to be replaced or refurbished. We have all metal components dipped off site. The first solution removes all grease from each part. Next it goes into a bath to remove all the paint. All the steel parts receive a third bath to remove every bit of rust. After this the parts are neutralized and either primed or coated with a temp rust preventer and returned to our shop. We inspect all the parts again and determine what will be refurbished or replaced. At that point we return the body to as new condition and prepare for refinishing. Just like the factory. All other components are brought to as new condition. When a car leaves this shop it is as it left the factory."
